

CHANGE IN FILE STATUS  
APPROVAL FORM

DATE August 11, 1987

CURRENT FILE NO. ACT/023/002

RECOMMENDED FILE NO. INA/023/002

COMPANY AND MINE NAME Kennecott Copper Corp., Mammoth Mine

REASON FOR CHANGE IN FILE STATUS

Kennecott obtained leases for much of the Tintic District around 1977. They did some exploration in hopes of reopening the district. No actual development was performed and the project has since been abandoned. The Leases have expired and are currently held by another operator.

I recommend contacting the Kennecott and notifying them that their file has been retired and that the appropriate filing would need to take place prior to reactivation. As we have proposed for similar files, such notification would occur upon enactment of the new mineral regulations.
